

Making your life easier!

Are you tired of packing and unpacking freight at the parking lot and on the ferry? We would like to encourage our customers to consider other options for getting groceries and other items to the Island – especially during this busy time of year.

Some ideas

Whole Foods Market will deliver grocery orders to Casco Bay lines to be shipped to Chebeague Monday through Friday year round. Just get your order in by 4:00pm and your groceries will be delivered on the 4:20pm boat the following day nicely packed with ice in banana boxes. They shop, pack and deliver for \$15 - \$20.

It's a convenient way to get food to the island.
Email your order to: NAPTLProvisions@wholefoods.com

Also did you know, Walmart will often ship orders for free! Great way to have pantry items, soaps and household goods delivered right to your door.

Amazon Prime always delivers for free!

There are likely many more options that will save you the hassle of moving freight on and off the ferry. Let's share them!
