On the Cover:

Land for the Captain Royal Bennett House was purchased from Captain Rufus Soule of Chebeague. It is said that material for the house was transported to Chebeague with two dories and that the total cost was \$600. Like many Chebeague men of the period, Royal spent some time on the stone sloops but with the decline of this industry his interest turned to the tourist trade. Royal died at 87 in the home he built at age 22. It was owned for many years by Bill Shuttleworth.

This House History was provided by Deb Bowman, Island Council President.

Notes from the Chebeague Island Council

President's Message

What a wonderful 4th of July! I know the 4th is to commemorate our independence from England, but it always feels like a total celebration of how awesome we are. The Fun Run and Road Race was well attended, the parade by all accounts was the best in years, it was a glorious Maine day, and there was an excellent turnout at the Rec Center/School complex for the picnic. Everyone was happy, happy and happy, who can ask for anything more than that? Not me!

Deb Bowman, Council President

If you need **Emergency Fuel Assistance** or know someone who does, please ring Gin Ballard at **653 5651**. All calls are confidential. The Emergency Fuel Assistance program is to help get you through a rough financial spot. The program will put money towards WHATEVER your heat source is.

Food Assistance is available from the **Church's year around Food Pantry**. It supplies food/household items/personal hygiene items. **Contact Lola Armstrong at 846 4106 or 846 4737**. Additional Food Assistance can be obtained through the **Samaritan Fund**. Please ring **Gin Ballard at 653 5651**.

Tips on preparing safe food in the Summer:

- This will be a real surprise coming from me, **WASH YOUR HANDS**. Wash your hands with soap and water for 15-20 seconds (the length of the Happy Birthday OR the Row, Row your boat songs). Wash **BEFORE AND AFTER** handling food. When you start working with a new food group ie you finish cutting up chicken, wash your hands before you start dicing your veggies.
- **Marinating: ALWAYS** marinate food in the refrigerator. If you want to use that same marinating sauce to serve with the food, **BOIL** the marinate sauce first.
- Make sure that your coals have been hot for 20-30 minutes (the coals will be lightly coated with ash) before grilling your food.
- Use a temperature gauge/ thermometer to make sure that the food is cooked. Hamburgers should be cooked to 160F while large cuts of steaks or roasts should reach 145F for medium rare, 160F for medium. Poultry must reach 165F. Fish should be opaque and flake easily.
- Change that plate. Grab a clean plate when you take the food off the grill (or wash the plate that had raw food on it with hot, soapy water)
- If it's above 90 degrees make sure to put uneaten food back in the refrigerator within one hour.
- Coolers: a full cooler will keep cold temperatures longer than a partially filled one. So pack plenty of extra ice/ freezer packs. Keep the cooler out of direct sun.

For more infoformation, go to Partnership for Food Safety Education and/or CDC websites.

Tick-proofing your yard:

- Keep the grass trimmed.
- Trim your paths so you don't hit the bushes as you walk down the path. Ticks love to hang on a branch then "hitch" a ride and a potential meal with someone/some animal.

IMPORTANT NOTE TO FIRST CLASS MAIL RECIPIENTS OF THE MONTHLY CALENDAR:

Last month ended the annual subscription cycle. It is time to renew your subscription if you wish to continue receiving the Calendar in the mail to your off-island address. A subscription is available to you with your membership renewal for an additional \$15 per year.

Please contact Ariette at 846-9324 or ariettemaine@gmail.com if you need a membership form.

What's New at CTC?

CTC Annual Members' Meeting

The 2nd Annual Members Meeting held on 7/18 was well attended. Following are the highlights:

- * President Mike Conroy called the meeting to order and started the meeting by recognizing current and past directors. Mike also recognized the contribution of CTC employees and asked for a moment of silence to remember long time employee Captain Leon Hamilton.
- * Carol Sabasteanski presented the Treasurer's Report. 2014 was a profitable year for CTC. The company made significant investments in its boats and buses to ensure our service is reliable.
- * In the President's Report, Mike discussed the highlights of 2014:
 - The successful conversion to a 501 (c) (3) nonprofit corporation.
 - The implementation of a new ticketing/credit card system,
 - The inaugural donated cruise to an island organization.
 - The implementation of a more comprehensive safety program.
 - An extensive, focused effort on maintenance.
 - The continued refinement of CTC's Strategic Plan.
- * Mike discussed in detail the Strategic Plan which was developed in 2014. Particular focus will be on replacing the back up vessel and re-visiting the restrictions under which the company operates.
- * As our boats and buses age, the company is faced with making significant repairs and improvements. In 2014 a detailed list of past, present, and future maintenance needs was created. Working with employees, vendors, and the Royal River Boatyard, the work was monitored and tracked to improve our planning in the future.
- * In the General Manager's Report Carol provided an update on 2014 goals, a service report, customer service program statistics, and other 2014 activities. Highlights included:
 - Website had 25,000 visitors.
 - The Facebook page now has over 500 followers.
 - The monthly newsletter is emailed to 125 people.
 - The email group receiving cancellations/notices is 520 people.
 - CTC successfully underwent a Compliance Audit by State Police.
 - The Route One shed and freight shed had improvements.
 - The CTC office moved to 16 North Road.
- * After the election of directors and the clerk of the corporation, the meeting was adjourned.

Election of Board Members

Three current board members were reelected at the Annual Meeting for another three year term. Thanks to Sue Sawyer, Wayne Dyer, and Christopher Neumann for continuing to serve the company! John Wilson was reelected as clerk of the corporation.

Freight should be delivered to the ferry before the noon boat and should identify the recipient.

Accessing the Wharf At Cousins Island

Summer months are busy on the Island, and especially busy on the Cousins Island wharf as CTC buses and other vehicles load and unload passengers and freight for the ferry. In order to keep the process as quick and safe as possible, please:

- ⇒ Wait for passengers in the CTC parking lot.
- ⇒ If possible, drop passengers in the parking lot instead of on the wharf.
- ⇒ Don't drive down to the wharf to leave freight if you can carry it from the parking lot.
- ⇒ Don't back up the hill. Turn around at the bottom.

Thanks for your help!

CTC Officers Elected

The CTC Board held a brief meeting after the Annual Members Meeting to elect officers as follows:

Mike Conroy, President; Susan Stranahan, Vice President; Christopher Neumann, Vice President; Sue Sawyer, Treasurer.

From the Town Office

Where is the Welcome to Chebeague Sign? I am told that there used to be a large wonderful Welcome to Chebeague sign at the Stone Wharf. Recently, a few people have asked where it is and no one has the answer, or at least no one I have asked. It is a mystery to me as a new Chebeague Island resident. So I am putting it out there. Where is the Welcome to Chebeague Sign?

OK, let's get serious for a minute. The Town of Yarmouth has a Traffic Ordinance, part of which governs traffic at the **Cousins Island dock**. It is more commonly known as the "over the hill" rule. It states: during the period beginning May 15 and ending September 30 of each year, vehicular access to Wharf Road beyond the intersection of Wharf Road with the right-of-way to the Parking Lot located on the land now or formerly owned by Winifred G. Blanchard shall be limited as follows from Friday at 3:00 p.m. to Monday at 6:00 a.m. of each week. When a holiday during that period falls on a Monday, the period of restricted access shall extend through Tuesday at 6:00 a.m. It goes on to list the vehicular traffic allowed which includes local residents, school buses, mass transit passenger vehicles and dunnage carriers between Blanchard Lot and the wharf, emergency vehicles, commercial fishermen and vehicles with handicapped plates or transporting handicapped passengers.

As you all probably know, during one weekend in July, the Town of Yarmouth decided to enforce the traffic

ordinance. The Town Manager had apparently received numerous complaints about the amount of traffic down to the Cousins Island dock and back. We had no notice. So, where do we go from here? First, please try to use some common sense when accessing the dock. **If you really don't have to go down to the dock, don't.** Please don't use the turnaround area as a standing place to pick up passengers or drop them off, unless you have someone who is handicapped. Please plan ahead. Get in and get out and remember that vehicular traffic is not really allowed on the weekends. If you don't have to be there, don't. Make another plan. There are two 15 minute spaces in the Blanchard lot for cars waiting to pick up passengers. Ride the bus up the hill. Also, if you rent, please inform your renters about the rules. This is just an effort to relieve some of the tension from increased summer traffic.

The next step is for the Joint Standing Committee to meet and discuss this issue. The Joint Standing Committee is comprised of two members of the Chebeague Island Board of Selectmen and two members of the Yarmouth City Council and was formed as part of the agreement with the Town of Yarmouth signed October 23, 2008 governing the use of the dock. Part of this agreement states that the Town of Yarmouth shall consider repealing this section of its Traffic Ordinance which currently limits access. To my knowledge, there was never a meeting to reconsider the ordinance. To be clear, they did not agree to repeal that section of the Traffic Ordinance, only to consider repealing. We want to begin the conversation.

This discussion seems like such a burden during what is supposed to be the fun summer months. Please continue to recreate! Swim, boat, fish, sail, whatever you enjoy! Your elected officials are working on it.

Thank you for your support and remember to be kind to one another,

Marjorie E. Stratton
Town Administrator
