

## CHEBEAGUE ISLAND, MAINE

### Bonebakker Cottage

Our Chebeague cottage is located at 24 Cordes Road, off North Road. The cottage is on a tidal shore facing north across the cove to the Stone Pier (where the CTC ferry docks) and down Casco Bay towards Bustins Island. It was built as a seasonal cottage in 1912.

The cottage has a screened porch across the shorefront side. The master bedroom, living room and dining room open on to the porch. The living room has a large stone fireplace. There are four bedrooms in the main cottage, a queen in the master bedroom, two with doubles and one with two twin beds. There is a full bath plus an outdoor shower. The separate guesthouse has a double bed and a half bath. The kitchen is well equipped for serious cooking. Appliances include: dishwasher, washer and dryer. There is no television. There are speakers for IPOD or MP3 as well as broadband wi-fi internet access. The cottage is fully furnished and equipped; it is primarily used as our second home. It is available for weekly rental which runs from 2 PM Friday until 10 AM Friday. We welcome well behaved pets but ask that there be no smoking in the cottage or guesthouse.

Please contact me if you have further questions.
