Growing Together: A Heartfelt Thank You from the Chebeague Island Library

We want to extend our heartfelt gratitude to our incredible Island community. Whether you made a financial contribution or simply cheered us on, you have helped make our wonderful new space possible. We are so lucky to have a community that believes in the value of a library!

Building the walls was just the first step. Our dedicated staff bring the library to life every day through programs, assistance to patrons, and care for our collections. And, as we are a nonprofit, our community has played a big part in helping to sustain the programs, people, and resources that make this space so special.

Please stop by, explore our new space, celebrate all our staff do, and all that you have helped us become! Together, we can ensure it remains a vibrant part of Island life for years to come.
