

# Chebeague Island Paint Night

In just two hours, while you're enjoying an evening with music and friends, I will guide you through a painting I designed so that at the end of the evening you leave with a painting YOU created. Everything you need will be provided: a canvas, paints, brushes and easel. It's simple and completely stress free—just follow along.

*Absolutely no painting experience is needed.*

Bring your fun-loving friends and your own refreshments and I'll make sure your inner Picasso is unleashed.
