Where have we been?
The Kids’ Place is the first not-for-profit child care center in the Town of Chebeague Island. KP began operating in the Teen Room at CRC on August 4, 2008. We quickly out grew the shared space with the teens and with the help of many devoted supporters began making plans for our own building opening our doors on June 7th, 2010.

Where are we now?
We have grown exponentially in the past two years and continue to have significant success with our child care center. Our new space and license allow us to care for up to 20 children at a time. We have the option to move to the next licensure level enabling us to care for as many as 49 children! KP is a child care center that offers Subsidized Child Care Services run by DHHS of Maine. Applications are available at KP. We are proud that we currently offer regular child care to 14 children not including those who frequent KP on a Drop-In basis.

Where are we going?
Starting a Preschool Program this Fall is just one example of our mission to enrich the youngest population of our community. Call KP for details. Stay tuned to learn about other new and exciting ideas we have for the future!
We Love Books!

We are expanding our library and need your help...Do you have gently used children's books to donate? Would you consider donating a subscription to a monthly magazine? Do you like to read? Stop by and share your favorite children's book.

A FEW OF OUR FOUNDING PIONEERS!

Behind the Scenes

We’re all excited to “Fall” into our next months of programming. We have many fun seasonal projects planned: colorful Fall leaf placemats, making scarecrows for our front porch and learning all about what you can do with pumpkins. All of our projects are planned to accommodate a broad range of ages to foster individual development.

We’ve enjoyed having the new Trails at our backdoor. We took refuge on the trails this past summer during the “heat wave” and are looking forward to exploring the snow covered trails this winter.

We love visitors at KP! Bring a book, photo album, instrument or song, if crafts are your hobby we have budding artists that are always willing to roll up their sleeves and learn something new.
