Participant Expectations

- Participant (or a representative) **must** be present to meet with the energy advisor during the assessment. Air sealing and other work will be scheduled with the Heat Doctor during the assessment.
- Participant must provide payment for services in full upon completion of the assessment (unless you have requested assistance– see below).
- The Island council has some limited funds available to assist those homeowners who can't afford the payment (\$200 early bird rate, \$325 regular rate). Would you like to be considered for assistance with this fee? Yes No
 - If yes, what amount of assistance are you requesting? _____
- **Woodstoves and coal stoves** - For safety reasons, if you have a woodstove or a coal stove you must have all fires extinguished and all ashes cleaned out of the stove prior to the arrival of the Heat Doctor. The Heat Doctor will not be able to start work on your home if these conditions are not met at the time of arrival.

I understand and commit to meeting these expectations.
